Ms. Miles provided direction to board members regarding the discussion.

Ms. Kronenberg inquired about cost savings regarding closing Gompers, Serra/Alvarado, Seaview and the Furniture Warehouse. Superintendent Harter responded.

Mr. Medrano raised the issue of school size minimums and discussed the merits of building the Portola middle school campus for only 600 students.

Mr. Ramsey responded that the issue was one of isolation and he spoke about geographical equity and the need for a middle school in El Cerrito.

Ms. Miles asked Mr. Ramsey to comment on the Nystrom issue. Mr. Ramsey spoke about bond funding.

Mr. Medrano raised the issue of closing Crespi and spoke about the school's history.
President Miles directed the conversation to the discussion of minimums and maximums.
Mr. Medrano said he sees the staff recommendations on page 7 (El Sobrante, Castro, Lake, Shannon, Adams, Seaview and the Furniture Warehouse) as a possibility.
Ms. Kronenberg said she would argue for the minimum.
Mr. Ramsey said he was somewhere in the middle, although closer to the maximum. He said he is closer to Mr. Medrano, but would not support the Nystrom/Grant scenario. He spoke about fairness, due process and the decision to remove Coronado from the list and added he was troubled by Shannon.
Mr. Thurmond said he would express his opinion on the minimum or the maximum when they voted on February 11th and said that we should continue to look at every option. He spoke about the sale of non-school properties, minimizing the impact on the students and approaching Sacramento to get the debt reduced. He spoke about cuts to benefits and operating expenses.
President Miles expressed concern for the welfare of the students and hope for obtaining support from the cities of Richmond and San Pablo. She commented that the Nystrom/Grant closure was not on the original list and discussed the potential support of city and other programs. She said she was not clear on the minimum/maximum issue at this point.
Mr. Thurmond inquired about the state funding for JFK High School and any other school receiving QEIA (Quality Education Investment Act) funds. Superintendent Harter and Assistant Superintendent Rashidchi responded.
Ms. Kronenberg inquired about the availability of QEIA funds should JFK become an educational center.
Ms. Rashidchi responded.
Mr. Ramsey commented on how the maximum would hurt where programs were doing well, and said this needed further discussion.
Mr. Medrano inquired about the Nystrom/Grant closure and proposed having district offices or other services at Nystrom. Superintendent Harter responded.
Ms. Kronenberg asked questions about QEIA and time limits. Superintendent Harter responded.
Mr. Thurmond spoke about the February 4th Board meeting and the opportunity to give direction as to the recommendations. Superintendent Harter provided clarification and discussed procedures for the February 4th and 11th board meetings.
Mr. Ramsey inquired about the role of the State Trustee and what would happen should the board fail to come to a decision on February 11th. Superintendent Harter responded. Mr. Ramsey asked to have additional information prior to the February 11 Board meeting.
President Miles spoke about the need for the Board to make a decision on February 11.
Mr. Thurmond raised questions regarding closing Crespi Middle School and attempting to keep high performing schools open.
Mr. Ramsey discussed the possibility of having an additional Special Board meeting by the weekend.
Mr. Kronenberg spoke about the benefits of having an additional special meeting and the need for a vetting of the whole K-8 scenario to understand the compromises made with a K-8 cost neutral scenario.
Mr. Medrano commented on the possibility of closing Crespi.
President Miles directed Superintendent Harter to examine the possibility of a special board meeting by the weekend. Superintendent Harter clarified why Crespi had not been included on the closure list.
