

Coronado Elementary School

School-Based Health Center

Our School-Based Health Center provides a safe and secure environment for students to receive services that support their overall well-being and academic achievement.

The Coronado Elementary School Health Center was founded during the 2015-16 school year as part of West Contra Costa Unified School District's Full Service Community Schools initiative. The center provides a safe and secure environment for students to receive services that support their overall well-being and academic achievement.

"At the health center they checked my teeth and told me it was going to be ok and they made me feel better."

- Jeremiah, 10 years old
