The Tutorial Class is an academic elective that meets every day. The course emphasizes study skills, self-advocacy, and remedial skills for students who have an Individualized Educational Program (IEP) that denotes placement in educational support. Students will also work on individual goals and objectives in their respective deficit areas as per their IEPs. Please note that tutorial class is not a glorified study hall and that students will be expected to complete lessons and bring materials to class to receive supplemental instruction.

Students Learning Objectives include (but not limited to:)

1. Achieve suŁe 1

Folder or Binder with dividers to help organization.

Students will be evaluated on a number of criteria throughout each grading period. These will include:

Completed Activity (Do Now/ Assignment Log / Survey) - 40%
Accomplishments (Completed work in General Education Classes) - 60%

All activities due dates will be posted in Google Classroom.

Students are responsible for all work assigned in this course. If you miss a day(s) due to an excused absence, it is your responsibility to make up any missed work. If there are extenuating circumstances and you know you will not be able to turn in assignments on time, talk to me. I am much more willing to make accommodations before you miss a due date than after.

Students must be actively engaged in class. They must participate to earn extra credit.

School wide tardy policy applies meaning a tardy pass is necessary to enter class late.

Excessive absences will affect your ability to learn the material, turn in work and pass quizzes especially in the General Education classes. Please email or see me if your regular attendance is going to be an issue.
