### School Site Council (SSC) Recommendations and Assurances

The school site council recommends this school plan and proposed expenditures to the district governing board for approval, and assures the board of the following:

- 1. The school site council is correctly constituted, and was formed in accordance with district governing board policy and state law.
- 2 The school site council reviewed its responsibilities under state law and district governing board policies including those board policies relating to material changes in the school plan requiring board approval.
- 3. The school site council sought and considered all recommendations from the following groups or committees before adopting this plan:

### ELAC, ASB

- 4. The school site council reviewed the content requirements for school plans of programs included in this Single Plan for Student A chievement and believes all such content requirements have been met, including those found in district governing board policies and in the Local Control Accountability Plan.
- 5. This school plan is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
- 6. This school plan was adopted by the school site council on: May 29, 2018
- 7. The School Site Council will monitor the implementation and effectiveness of strategies in the plan at least twice during the 2018-2019 school year, using the WCCUSD monitoring process

### **Executive Summary**

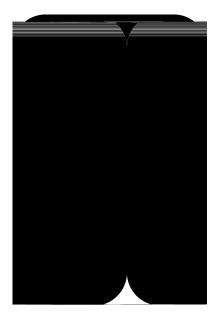

The Single Plan for Student A chievement (SPSA) has traditionally served as a vehicle for communicating information about the school's vision and initiatives to improve academic achievement, as well as describe how supplemental categorical funds are used to support these efforts WCCUSD's new district Local Control A coountability Plan (LCAP) is designed to improve student achievement, support the whole child socially and emotionally, and involve stakeholders to ensure all WCCUSD students are college and career-ready, able to make life choices that have successful, productive outcomes

	Goal 1: Improve Student A chievement Goal 2: Improve Instructional Practice Goal 3: Increase Parent and Community Engagement and Involvement Goal 4: Improve Student Engagement and School Climate Outcomes Goal 5: Provide Basic Services to A II Students
	Through data metrics and analysis, the LCAP also addresses the State's Priority Areas Providing all students with access to fully credentialed teachers in their subject areas, as well as instructional materials that align with state standards, and safe, properly maintained school facilities
Implementation of	Ensuring school programs and services enable all students, including English learners, to access California's academic content and performance standards, including Common Core Standards for English Language Arts and Math, Next Generation Science Standards, and English Language Development Standards
3	Efforts by the school district and schools to seek input from all parents and to engage parents in decision-making, as well as promoting parent participation in programs that meet the needs of their students and all students
	Improving achievement and outcomes for all students, as measured in multiple ways, such as test scores, English proficiency and college and career preparedness
•	Providing students with engaging programs and course work that keeps them in school, as measured in part by attendance rates, dropout rates and graduation rates
	Factors both inside and outside the classroom that impact student success such as health, safety, student discipline, and school connectedness, as measured in part by suspension and expulsion rates, and surveys of students, teachers, and parents
	Ensuring all students have access to a broad course of study in all required subject areas, including math, social science, science, visual and performing arts, health, physical education, career and technical education, and others, that prepares them for college and careers, regardless of what school they attend or where they live.
Priority 8	Measuring other important indicators of student performance in all required areas of study.

We are transitioning our school's SPSA to becoming a true companion document to the district LCAP so that it focuses on programs, activities, and actions which are designed to continually address and support the district LCAP goals. A swego deeper into this work, we will continue to connect these two critical plans, driving the academic needle forward for WCCUSD students. Please read on to learn about our specific SPSA plan of action for the 2018-19 school year.

### Agreements

The following critical compliance items are in place throughout WCCUSD:

Highly Qualified T eachers All teachers and paraprofessionals involved in our academic programs will be highly qualified to teach students in their assigned area of work. Our site coordinates with the WCCUSD Human Resources Department to ensure qualified staff have been assigned to our classrooms

Strategies to attract and retain high quality teachers. Our site acknowledges the importance of attracting and retaining high quality instructional staff. Our site coordinates with the WCCUSD Human Resources Department to develop programs and strategies to ensure high quality instruction staff want to come to and remain at our site.

Learning Center Collaborative Model: Each WCCUSD school that runs a collaborative model provides a seamless approach to integrating personnel, resources, and teaching strategies to serve at-risk special and general education students. Special education teachers may work with unidentified students and regular education teachers may work with identified students (aslong as they are qualified to meet the goals on the students I.E.P.s).

## Title I Centralized Services (Title I Schools Only)

The following programs and activites are provided to students enrolled in a school identified to receive Federal Title I funding:

Summer Extended Learning Program - Grades K-8,

Planning and program support from Partners in Innovation,

Professional development opportunities and coaching support in the areas of ELA , Math, Science, Technology, and D ata A nalysis
