## 2016-2017 Accomplishments

Our Goals	What we Accomplished
To have one African American Site Advisory Team (AASAT) member assigned at each of the 52 WCCUSD schools	At the end of 2016-2017 42 schools had 1 or more     AASAT leaders
To ensure that AASAT members have the tools, resources and skills needed to support the assessment of their school's climate and culture and current family engagement practices	AASAT members were trained over two 2-hour sessions to identify and train African-American parents at their school site to complete the walk-through and coordinate the process with their Principal.
To conduct a District-wide Climate and Culture Assessment and provide recommendations for improved climate and culture	37 schools completed the Family-Friendly School Walk-Through
To ensure that 6 AASAT members (at early adopter sites) have the capacity to establish an AAPAC at their school site	6 school sites implemented a series of 6     workshops designed to train a cohort of African- American parent leaders who, upon graduation,     would form a school AAPAC
To establish African-American Parent Advisory Councils a 6 early-adopter school sites	41 parent graduates at 6 sites
To document the AASAT program in preparation for the development of a WCCUSD AAPAC Toolkit that includes the tools and resources needed to establish and facilitate school-site AAPACs	• We have docum2a(c)-5.76(W)3.4 (e)9 ( (2a(76 30v(l)2 (k)7 (C)2.9s11
