I hope this finds you and your families doing well during this difficult time.

It is my goal that the information contained in this letter and attached calendar will provide some guidance as we look to return to athletic competition later this coming school year. This is the effort of many individuals and groups that have been charged with finding solutions to an unprecedented challenge in our lives. All of us know the importance of education-based athletics to our student-athletes, schools, and communities. This calendar considers the physical, mental, emotional, and social well-being of those students that we are so fortunate to serve in our section.

NCS staff is ready and willing to answer your questions and help guide you.
